Advancing what’s possible in HHT!

ABOUT CURE HHT

Cure HHT is the only patient advocacy organization in the world funding research, awareness and education for HHT patients, their families and the medical/scientific community. We are the cornerstone of the HHT community.

Sponsoring one of our events provides you with an unmatched opportunity to educate key stakeholders on your products and services.

In 2022, we created a new “Therapeutic Development Arm” of Cure HHT – hiring new critical talent and creating dedicated roles to allow us to more directly accelerate and own the search for better treatments and one day, a cure. In 2023, we added 4 new HHT Centers of Excellence across the globe.

Sponsorships are available for both the National Patient & Physician Conference and the Scientific Conference. Our goal is to customize sponsorship opportunities for maximal impact. We want to partner with you to exceed your business objectives. Below is a sample of our offerings.
