Partnership Opportunities 2025

Advancing what's possible in HHT!

ABOUT CURE HHT

Cure HHT is the only patient advocacy organization in the world funding research, awareness and education for HHT patients, their families and the medical/scientific community. We are the cornerstone of the HHT community.

Sponsoring one of our events provides you with an unmatched opportunity to educate key stakeholders on your products and services.

In 2022, we created a new "Therapeutic Development Arm" of Cure HHT – hiring new critical talent and creating dedicated roles to allow us to more directly accelerate and own the search for better treatments and one day, a cure. In 2023, we added 4 new HHT Centers of Excellence across the globe.

Our goal is to customize sponsorship opportunities for maximal impact. We want to partner with you to exceed your business objectives. Below is a sample of our offerings.

Potential Reach

Cure HHT Social Media Audience

Roughly 10,000 impressions per month

Cure HHT Database

Over 8,500 in the patient community

Over 1800 in the medical/science community

Cure HHT Newsletter Audience

Total Audience: 8,693

Denver, CO – March 28-29, 2025
